Q1 Please enter your name.

Evelyn Lloyd

Q2 What is the most important affordable housing issue in your community?

Rental housing	Top priority but not the most important
Affordable homeownership	Top priority but not the most important
Senior housing	Top priority but not the most important
Critical repairs	Top priority but not the most important
Mobile homes	Top priority but not the most important
Permanent housing for homeless	Important but lower priority

Q3 Should local government provide more money, level funding, or less money to support affordable housing in your community? If you said level or less, why? If you said more, how much more AND how do you plan to achieve this?

Slightly more money ,

Please provide an explanation for your response.:

Amount of money that the town can afford, lack of land for housing, building more mobile homes by developers and more rental apartments to come in the Collins Ridge apartments that will be built soon. Habitat is doing a good job in helping the town have more homes. Working with Chapel Hill and Carrboro , and the county is helping in repairing houses. I feel that the town is on the right track.

Q4 Utilizing surplus government-owned land is an important tool for creating affordable housing. What are some parcels of public land you think should be made available for affordable housing? Are there any parcels that should not be?

Hillsborough has no government-own land other than land for a future fire and police station.

Q5 What is one local example of an affordable housing program or development that you think worked well? Please explain why you think that was successful and how you will support more of these successes in the future.

Habitat has helped us with housing when we had land that was set aside by developers for affordable housing,for example Waterstone Development.

2019 Candidate Survey on Affordable Housing

Q6 How would you ensure that people who have been affected by the lack of affordable housing have a "seat" at decision-making tables about the future development of affordable housing in our community?

Set aside time during a work session to discuss this issue with concerned citizens.
